**NOTICE – CITY OF READING COMMUTER EMPLOYEES  
2022 LOCAL EARNED INCOME TAX RETURN**

**FOR TAXPAYERS RESIDING WITHIN THE BERKS COUNTY TAX  
COLLECTION DISTRICT WHO FILE A LOCAL EARNED INCOME TAX  
RETURN WITH BERKS EARNED INCOME TAX BUREAU**

Effective July 1, 2022, the City of Reading removed the additional 0.3% non-resident EIT assessed against non-resident commuter taxpayers. A non-resident commuter taxpayer is an employee who commutes to and works for an employer in the City of Reading – but who lives outside of the City of Reading.

As a result, commuter taxpayer wages and tax liability calculations for the 2022 Local Earned Income Tax return must be separated for the change in rate as of July 1, 2022. Non-resident commuter taxpayers will be **unable** to file their 2022 Local Earned Income Tax return electronically. These commuters must file their 2022 Local Earned Income Tax Return using the form available on our website. As a courtesy, a copy of the return is attached to this letter.

Please share this communication with applicable employees and colleagues in your organizations. Thank you in advance for your attention to this matter and for your anticipated compliance with this notice.
